Message from the Chairman

Dear students/ parents/ guardians,

It is with great pleasure that I welcome you to the Seabird International College which firmly entrenched its belief in the success of students' career. It is a comprehensive and coeducational school offering an environment that invariably meets its motto in developing and honing the skill sets necessary to make the students competent and productive manpower for the nation in future. We not only guide our students through the textbooks, but assist them to progressively and humbly accept the changing and challenging global scenario while promoting a positive academic metamorphosis. Our ultimate objective is to strive to foster intellectual growth by extending and disseminating a broad range of knowledge so as to produce dynamic and capable citizens of Nepal.

We believe in students' success and parents' dreams. I assure you that Seabird in course of its journey to reach stratospheric heights of success operates through a highly experienced, dedicated and qualified team of academic professionals.

We are dedicated not only in bringing out the best in students but to groom their character. A student should not only be well versed in the concerned textbooks but also learn from the everyday life in society by upholding moral righteousness. At Seabird, students will have a good exposure to all the academic aspects and interpersonal skills.

Shyam Krishna Manandhar
Chairman

Message from the Academic Director

Seabird International College is one of the reputed, well-organized and fully dedicated academic organizations to provide quality education. The students of this college can lead in any sector because we are providing the conducive academic environment to fulfill our slogan that is "Education for Leadership & Development".

We proudly declare that this college has the best academic environment and distinct desk for counseling which was reflected by the result of HSEB up to last academic year, four times Bhaktapur top out of eight endeavors. This result is the outcome of our regular counseling to the students and dedication of our as reputed teacher's team.

We also sharpen student's excellence through Academic ECA like Science Exhibition, Article Competition, Student's Presentation, Essay Competition etc. and ECAs like Seabird Idol, Dance Competition, Basketball Competition, Futsal Competition, and Table Tennis Competition etc. Beside that we are going to provide music class to interested students once a week. We also encourage students to participate in different activities and competition in District, National and International level.

We assure that placement of our students in national and international universities is outstanding. Most of the Seabird graduates have achieved scholarship in different universities in Nepal and abroad. We proudly state that our former students are now working in the top most posts in various fields.

We heartily welcome you all to visit Seabird International College for counselling about your career from Seabird counselor and teachers to make your bright future and careers.

We will be delighted to see you in Seabird International College as Seabirdians.

Bijay Charan Shrestha
Academic Director

Message from the Act. Principal

The Seabird International College, established with the motto "Education for Leadership and Development" strives to enhance the skills and competitive qualities in students for their career development in future.

Seabird offers faculties of Management, Science, Education, Humanities and Law in Secondary Levels and has already started the Bachelor in Business Studies (BBS) with different extracurricular activities and field visits, guest lecturer, project based and academic environment.

We are steadfastly committed to realize our goals and expose the students to a broader vision of development. As a result of our endeavor and students' own efforts, most of the Seabird graduates have obtained scholarships in the different Universities at home and abroad. Development of individuality of the students is our priority along with excellence in academic results.

It is needless to say that Seabird is run by experienced, well known lecturers and educationists. Seabird always tries to provide a lot of opportunities to the students for their professional development. We have already completed the various batch of BBS with BBA flavour successfully and plan to launch BBA in near future as per students' demand. We have always record outstanding result in BBS program

I look forward to welcoming you at the Seabird International College.

Prem Keshari Bajracharya
Act. Principal

About Seabird International College

Seabird International College is an academic shrine for the meritorious and promising students who wish to dedicate their lives towards enhancing the quality of managerial, scientific and pedagogical skills through hard work and perseverance. The College promises to impart quality education to the young minds who can visualize this world from the broader perspective. Run by a team of dedicated, highly experienced and professional academicians, it offers courses of +2 program on management, science & education streams based on curriculum designed and approved by NEB and the Bachelor of Business Studies (BBS) affiliated to TU. Seabird has also been running its basic level education along with Montessori. The prime aim of the College is to deliver the creative and innovative education with proper practical knowledge of Management, Education and Science and Technology.

VISION

To develop Seabird as a true learning platform for academic excellence through motivation and leadership

MISSION

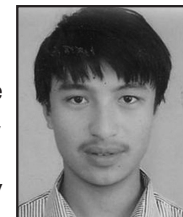

- To maintain a high degree of outstanding results in science, management and education
- To prepare a competitive generation that is fit to local, national and international arena
- To develop future scientists, entrepreneurs and educational students.

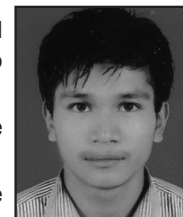

SEABIRD'S PRIME OBJECTIVES

- To dedicate all programmes, services, and resources for the students' success with the commitment of continuously monitoring, assessing and improving performance-based learning skills
- At infrastructural satisfaction to make the students feel homely atmosphere while learning in classrooms, libraries, lecture halls, counseling rooms, laboratories and visiting offices and other facilities
- To encourage students by exerting particular emphasis on intellectual honesty, tolerance, inquisitiveness and deeper understanding to gain core knowledge of a plethora of subjects
- To produce qualified citizens for the future who can take the responsibilities of the nation and fulfill their duties sincerely
- To work as a leading academic institution in applied sciences like Hotel Management, Computer Science and Social Sciences.

ACADEMIC +2 SCIENCE PROGRAMS

■ Third Inter School district level science competition and science exhibition

■ Botany experiments performance by individual students.

■ Chemistry experiments with use of sophisticated apparatus.

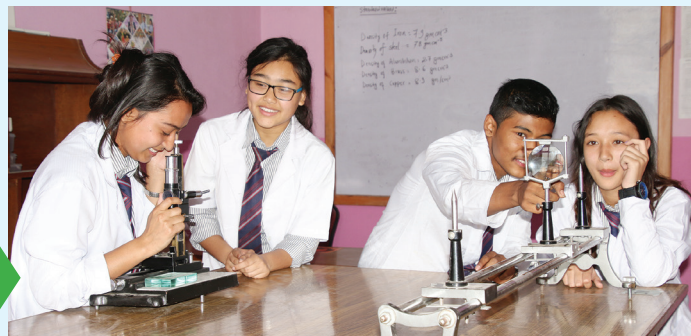

■ Physics experiments with sophisticated and latest instruments

Subject Offered

Physics
Chemistry
Biology/Computer
Mathematics

■ Physics experiments and project works

■ Zoology experiments with plenty of equipment and apparatus for individual students.

■ Group discussion class

■ Peaceful and spacious classroom with appropriate number of students

■ Excursion photo at Elephant breeding Centre, Sauraha

Academics ECAs

1. Daily science quiz
2. Word of the day
3. Science article presentation
4. Group discussion
5. Educational excursion, project work and report writing
6. Student's presentation
7. Case Study
8. Speech and Debate Competition
9. Poem Competition

■ Observing the morphology of Elephant during Jeep Safari in Chitwan National Park

■ Students enjoying the daily science quiz in cafeteria under Academic ECA.

ECA

Seabird International College has organized several extra-curricular activities to enhance the physical, mental, social and psychological aspects of the students. Under the ECA department, all the students are encouraged to participate and they are also facilitated by training and guidance by the professional coach. ECA activities are highly beneficial to the students due to various reasons. It has helped to lead to higher educational retainment and success to increase the morale and team spirit of the participants. It has also fostered the necessary skills of participants to develop their career in the sports.

STUDENTS' VOICE

Joining Higher Secondary School for me was a harder decision. But after joining Seabird International College, I found my decision the best one. As I started to attend the classes, I found all the teachers very friendly and encouraging. The environment of college is peaceful and the facilities provided are sufficient enough for development of academic as well as personal qualities. Love and care from teachers were plus points for us. Due to these reasons Seabird is a right decision to be made by SLC appeared students for secured future. And lastly, I want to tell all students to have strong determination with selection of best environment through which the goal of life can be achieved.

Sangita Prajapati
Science Topper (85.6%), MOE (MBBS full scholarship-2072)

To me, joining Seabird International College was one of the best decisions I've ever made in my life. Teaching methodology, practical knowledge, extra curriculum activities are all awesome and fun. Highly qualified faculties, well managed lab and library materials and the 'parental' guidance by teachers and seniors have provided a very friendly environment of teaching and learning. Days I spent at seabird were very precious part of my life that I will never forget. As a suggestion to SLC graduate students, without any dilemma, you can enroll in Seabird College for your best academic & personal performance.

So thank you "Seabird" !
Ravi Prajapati, Science Topper (85.8%), 2071/72 batch

The foremost requirement of a student, which a college can provide is quality education along with right guidance. Quality of education depends on teachers' team and management of college. As far as I know about Seabird Int'l College, this is the platform with strong teachers' team and firm management. The determined and clear minds of teachers here direct the working mind of students and fill them with nectars of knowledge and right guidance. What else does a student need? Seabird has all we need as students

Sundar Prajapati, MOE (MBBS full scholarship-2070)

I consider myself lucky to be a part of the Seabird family. I consider joining Seabird is one of the best decisions I have ever made. The friendly environment and the best teachers' team that I have ever seen have the greatest role in my success. It could not have been possible without the support from the teachers and the Seabird Management. I, thereby, pray for the better and brighter future of this institution.

Bikesh Shrestha, Science XI, Bhaktapur District Topper (86.60%)

I am proud to be a student of Seabird College which is always devoted to its students. In those two years, I have got lots of love and care from it. I have found that the rules and regulations of the college have always kept all its members under disciplined position. I felt the beauties and qualities of the college when I stepped in. Teachers continually worked hard at making sure that the progress and success will never retard. Also the peaceful environment, teaching method, facilities and activities can attract anyone. Because of these, my soul and mind chose the Seabird College and gained a lot from the sea of knowledge. Whole credit of my success goes to my parents and to my college and its members.

Dr. Ram Krishna Prajapati, 84.20% in HSEB (Science)

Seabird International College has been a pioneer in offering quality education to the students which not only aims to provide theoretical classes but also tries to groom the personality of the students which helps in students' future professional career. In my two years attachment with Seabird as a student, I received immense support and guidance from the teachers. The learning environment is very interactive and based on practical knowledge rather than those bookish knowledge. Teachers here are highly qualified, experienced and friendly. The overall environment here is clean, neat and sound with well-equipped books in library, well managed computer labs, science labs and clean canteen. In my view seabird can be a pillar for a successful career.

Anjali Shrestha, District Topper (84.2%), 2068 Batch, Mgmt.

It has provided the best academic ladder for reaching her path of success. Here the proper teaching-learning environment with all the facilities of well experienced teachers. Friendly teachers and sound environment, learning spaces, new learning technology, well equipped teaching materials etc. Here, the teachers irrigate the barren mind of students and fill them with downpour of knowledge. The teachers here always motivate the students to create opportunities not to wait for it. The educational and motivational programmes are conducted timely for encouraging students. Similarly, Various ECA activities are conducted for exploring hidden talents and providing them a good platform.

Apsara Koirala, Management Topper, 2073

I found that Seabird is one of the best institution which offers students for overall development of their psychological and social ability. My experience at Seabird was amazing for learning and exploring own internal ability. It was great to get quality education, from highly qualified teachers. Moreover, the teachers' coordination, motivation and counseling were real help for accumulating career developing skills and knowledge. I would like to appreciate this college, having magnificent team, to uplift to upturn the huge stone to lead the career. At least, I recommend all the students to visit Seabird and its team to quench their academic thirst and to achieve their dreams.

Bijaya Magar, Management Topper, 2075

After SLC, choosing best college is one of the biggest challenges that every student has to take. I had made my mindset to pursue my career in medical field. So, I decided to choose science stream and I joined Seabird International College. I find seabird international college best destination to forward the mission of my life. Teaching and learning at seabird international college is interactive and student centered where every student has a feeling of belonging and the opportunity to be the very best, they can be. Various guest lectures, group and individual projects, presentations and ECA's are organized which is necessary for academic excellence and personality development. My sincere gratitude and thanks to this great institute for an incredible career counseling and guidance.
